# Italian Municipalities Award

**The first time ever on 11 meters !**

05Days18Hours10Minutes04Seconds

Open and free for all 11 meters operators world wide, its main purpose is to encourage as many radio operators as possible to use the band and keep the 11-meters alive. The aim is to establish contacts with the highest number of Italian Municipalities.

Each Italian municipality is classified with a precise static reference becoming from the fiscal references relased by the italian authorities.

For example:

Municipality of Nizza Monferrato (AT) is F902, so the SES will operate as 1AT/F902

Municipality of Lentini (SR) is E532, so the SES will operate as 1AT/E532

Municipality of Santa Giusta (OR) is I205, so the SES will operate as 165AT/I205

And so on...
